

MORE AMAZING ADULT LEARNERS GRADUATE WITH THEIR GRADE 12 GED THROUGH THE NEVER TOO LATE PROGRAM

Catholic Family Service congratulates another batch of amazing Never Too Late adult learners, who on October 27, 2011 received their high school equivalency diplomas at the Maranatha Church. A graduation unlike most others, this is the culmination of months or for some students, years of attending weekly classes - tutoring and studying, sometimes while working and sometimes without work.

The determination of adult learners to overcome barriers - no matter what - with the help of their families and friends, teachers and staff, were all told and shared in the speeches of the graduates marking their huge achievement.

Never Too Late is a Catholic Family Service community-based program for adults in select communities, who want to complete their Grade 12 Equivalency Diploma (GED); program delivery is subject to continued available funding.
